## January: service changes and more EastRiders launched

From 3 January we'll be making changes to some services, including buses in Hull, from Hull to Hedon and Withernsea, from Hull to Brough and Goole and from Goole to Rawcliffe.

It's difficult for us to distribute timetables at the moment as many of our normal timetable outlets are closed, so any assistance you can give us with publicising these changes in your community would be much appreciated.

See a summary of these times below, and get full details and timetables on our website: <https://www.eastyorkshirebuses.co.uk/changes-timetables-january>

### Buses from Goole & Brough to Hull

From 3 January our buses between Hull, Brough & Goole will change. Service 155 & X55 will change to become new EastRider Service X5 and new Service 55.

- New EastRider Service X5 will be a fast new coach service between Goole, Howden, Gilberdyke, Newport, Elloughton, Brough, Hull Royal Infirmary & Hull. It's limited stop, so you get to your destination quicker, and the coach has comfy seats, air conditioning, WiFi and plug sockets so you can make the most of your journey. Plus, you can bring your bike along for free! Find out more about EastRider Service X5.
- The new fast EastRider Service X5 will run alongside new Service 55. This route will continue to serve villages such as North Cave, South Cave, Welton & Melton, and will not also provide a link to Melton Business Park & Bridgehead Business Park, although it will no longer enter the centre of Hessle.
- There'll be more buses between Gilberdyke/Newport and Hull, including on Sundays.

### **Buses from Withernsea & Hedon to Hull**

From 3 January our buses between Withernsea, Hedon & Hull will change.

- Services 75, 76 & 77 will change to become new EastRider Service X7 and new Service 75.
- New EastRider Service X7 will be a fast new bus service between Withernsea, Hollym, Patrington, Ottringham, Keyingham, Thorngumbald and Hedon straight down Hedon Road to Hull City Centre. It's a more direct route, so you get to your destination quicker, and the buses have comfy seats, WiFi and USB chargers so you can make the most of your journey. Find out more about EastRider Service X5.
- The new fast EastRider Service X7 will run alongside EastRider Service 75, which will continue to serve villages such as Burstwick, and will use the current Service 75 route via Hedon Road and Holderness Road into Hull City Centre. The EastRider Service 75 will also have more comfortable seats, WiFi and USB chargers.

The new bus features (USB chargers etc) will be rolled out throughout January.

### **Services 151, 152 & 153**

Times will change for these services.

From 4 January an extra journey will be added in each direction, and times will change to spread the journeys throughout the day.

## **Services 78/79**

From 4 January times and routes will change for these buses, with Service 78 now serving Preston, giving more buses to this village. The Service 78 now no longer goes via the Marina and Humber View, so you'll have a quicker and more direct journey into Hull.
