Safeguarding Week 2022 - 20-24 June

Programme of free on-line sessions for Safeguarding Week 20 – 24 June 2022

Partners from Safeguarding Adults Boards, Children's Safeguarding Partnerships, Community Safety Partnerships across North Yorkshire, the City of York and East Riding have come together and developed an extensive programme of learning events, seminars and interactive sessions which all underpin this year's theme - 'Safeguarding is everybody's business'.

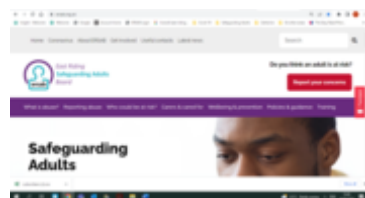

Spurred on by the success of Safeguarding Week 2021 the safeguarding partners have worked to extend the range of topics being covered this year. While a number of the sessions are open only to professionals working in the safeguarding sector, the majority of the sessions are also open to the public. The week-long programme of over 50 sessions caters for members of the public who want to learn more about safeguarding.

Covering topics such as support for children and young people impacted by Domestic Abuse, signs of radicalisation, keeping children safe on-line, fraud awareness and protection, the power of the bystander amongst many other safeguarding areas. The sessions have been designed to stimulate discussion, spark innovation and share best practice. Each session will be delivered by inspirational and motivational speakers, all of whom are experts in their field.

The full programme of events is open for viewing and booking via EventBrite and early registration is recommended to avoid disappointment.

All the agencies involved will be sharing information across their social media channels and website in the run up to Safeguarding week and throughout the week. To follow along look for the hashtag **#safeguardingweek2022**
